Testimonial: *“I am fairly familiar with ordering on the internet but I believe this process would be easily manageable for anyone with even minimal internet navigational skills. I didn’t much like having to pay shipping charges but I personally preferred that for the convenience of being able to order and receive the products on my own chosen time. It took me about 10 minutes to order, I was able to use a credit card and I received my order on the 3rd business day. I love that I will be able to order my RADA products throughout the year for wedding, birthday, graduation and etc. presents.” -Melody Sessoms*
